

Island Sport Club Hotel "Where blue and green come together"

Imagine a bay where history lingers, remarkably protected by the mountain range of the Black River district - the perfect green surroundings for outdoor activities. Imagine furthermore an original sea resort focussing on activities related to the deep Blue.

Put both colours in a leisure environment - mix them and shake well.

The Island Sports Club Hotel is the blissful result. In this domain of sun and friendliness, you may taste the pleasures of real ECO-adventure, marine and aquatic sports. Or simply revel in the exquisitely charming atmosphere of the hotel with its delightful garden and sea-view bedrooms, hidden in a cosy and lush tropical garden.

The Island Sport Club Hotel is the perfect frame for any type of "Blue and Green" activity. It lies on the threshold to the west coast, an area which is rich in history, culture and nature. Since that particular side of the Black River District sports no fancy beaches, the hotel provides a boat shuttle to the white sand Martello Beach close by.
